Questions for counsel

Check only the questions to raise. The We Method does not answer them.

- ☐ Which immigration options, if any, should be evaluated?
- ☐ How may nationality and ownership affect the analysis?
- ☐ When may I legally work for or manage the business?
- ☐ Which commitments should occur before or after filing?
- ☐ How should funds and transfers be documented?
- ☐ What business-plan information would you like to review?
- ☐ Which questions should be directed to a business attorney or CPA?

04

Commitment stop

Name what is paused until a professional answers. A pause is a control, not a failure.

COMMITMENT / ACTION PAUSED	REASON / OPEN QUESTION	PROFESSIONAL	DATE PAUSED	CLEARED?	CLEARANCE REF.

DECISION NOTE / CONDITIONS BEFORE RESUMING

Name only the conditions still open

PAUSE RULE

Do not treat a filing date as a commercial launch date. Do not move dependent capital while site, insurance, banking, tax, licensing, or counsel questions that change the model remain open.

This page does not determine whether any amount, payment, commitment, escrow, transfer, or expense has an immigration-law effect or is sufficient for any classification.

NO LEGAL CLASSIFICATION BY TWM

Record commercial facts only. The We Method does not determine whether a source of funds, transfer, investment, commitment, escrow arrangement, or supporting record is lawful, sufficient, traceable, or relevant for immigration purposes. Counsel owns that analysis.

SENSITIVE EVIDENCE RULE

Do not upload passports, bank statements, tax returns, account credentials, immigration records, or wire confirmations here. Record the index reference and the professional who holds the evidence.

07

Formation / ownership index

Record proposed commercial facts and the professional review needed. Do not present a structure as immigration-approved.
