NAMED AUTHORITY _____ DATE _____

PUBLIC RELEASE CONTROL

Normal public reservations, final availability and public-facing operating promises remain closed while readiness is open or conditions are unresolved.

03

First-operations log

Record the first live transaction points. This page proves that the launch sequence occurred; the detailed customer and unit records remain in their own controlled files.

Record control

Keep launch evidence connected without turning this file into a duplicate of every other controlled document.

FILE PLACEMENT

RECORD / EVIDENCE	PRIMARY HOME	HOW THIS RECORD USES IT
Launch Control Record	Owner / planning file	Original launch-cycle record.
Business Plan / Forecasting	Planning / finance files	Cite the current file or version; do not copy the full model here.
Fleet evidence	Fleet / unit file	Cite site, insurance, readiness or unit evidence when a gate depends on it.
Customer transaction evidence	Customer rental file	Reference only when needed to prove the first operations occurred.
SOP / Agreement / Training / Local Rules	Their controlled files	Cite current versions; do not rewrite procedures or terms in this Record.

100% CONTROL TEST

QUESTION	WHERE THE ANSWER LIVES
On commande la flotte ?	Fleet gate + site + insurance + capital evidence
Le site est-il tenu ?	Site gate
On ouvre au public ?	Readiness plate
Le 30 jours est fait ?	Thirty-day review plate -> Road Beyond
Le plan existe ?	Cited here; not recopied

RECORD RULE

Cite. Do not copy. A gate may point to evidence owned by another controlled file, but the original evidence stays where that system owns it.

Experience-based launch control resource. It does not replace legal, tax, accounting, finance, insurance, employment, property, safety or regulatory review. Current requirements remain the responsibility of the business and its qualified professionals.
